Audible Range Group 3

Special Features and improvements

- 1. Higher quality / warmer sound – due to change from phenol to polyamide diaphragm**
- 2. Antibacterial treatment – new megaphones maintain this characteristic**
- 3. Waterproof –**
IP-X5 = group 1 (ER-1203, ER-1206, ER-1206W, ER-1206S)
IP-X4 = group 2 (ER-1215, ER-1215S)

More features and improvements

Group 1 (ER-1203, ER-1206, ER-1206W, ER-1206S):

- ü Smaller and lighter design
- ü Change from ferrite to neodymium magnet
- ü Easy battery change
- ü Two volumes controls to avoid howling

Group 2 (ER-1215, ER-1215S, ER-3215, ER-2115, ER-2115W):

- ü More powerful magnets

Group 3 (ER-2230W, ER-2930W):

- ü Equipped with an additional handle for more convenience
- ü Better competitive market price

safe&sound
